Extracted on Sep-05-2014 11:47:35

The Smithsonian Institution continues to research information on its collections and is thankful to the digital volunteers who helped to transcribe this material. We look forward to using the work they created to further enrich our collections.

- Before you incorporate this material into a for-profit publication or online project, please contact the Archives Center NMAH;
- Please leave source and copyright information as is and avoid obscuring these details in the material;
- Do not post this document as a whole to a social media site, such as a blog, Facebook page, Twitter feed, etc;
- Researchers: if you deposit this material, please let Archives Center NMAH know where the material is deposited so that we can guide the community members to it.

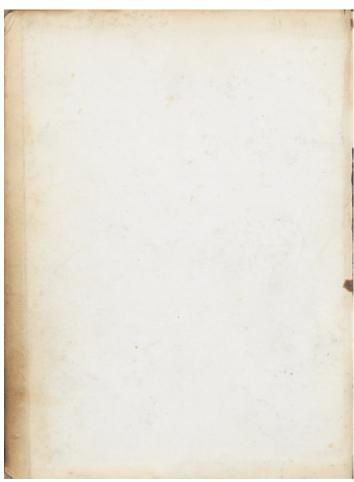

Contact the Smithsonian Institution for the current status of this project and related material. To see this project online - or other transcription projects - please visit here.
